File download - screenshot

A list of file downloads with title, explanatory text, format and download link.

Setup

Title - The title of the download file, this does not show up on the page

Format - Choose either 'Card' as in this example or 'List'

Choose color for your text - choose between 10 different colors

Background theme - Choose between a dark or light background

Show block - When to show the title (see more info here)

File download item - in this example, the first download file out of three files

Title - Name of this title, in the example here 'Standard blocks PDF'

Text - Optional explanatory text can be inserted here

Document - Choose between internally stored file or external URL

Sets color for header - This sets color of the header, choose between 9 different colors, in this example 'orange'. This applies only in Card format (not in List format)

Footer color - Sets color for footer - This sets color of the footer, choose between 9 different colors, in this example 'orange'. This applies only in Card format (not in List format)

In this example the second and third 'File download items' will be added in the same format below the first

Banner target URL

Banner target URL

The purpose of this type of banner is to get un-registered users to either login or register in order to lead them somewhere i.e. take this quiz, download this ebook, get a trial period or another advantage.

In other words Banner Target URL stream block by definition only shows up, when the user is not logged in. So if you do not see the interface above right now, chances are that you are logged in.

Setup

Title - The title of the download file, this does not show up on the page

Section - Bookmark on page for short cut in side menu

Image - Upload an image as banner background

Button link properties - Here a text link can be added, either to an internal page or to an external linkURL, in this example 'How to become a business partnere' is used as an internal link

Background color - Choose between 9 colors for the background

Text color - Choose between 9 colors for the text

Button color - Choose between 9 colors for the button

Small vertical margin - When box is activated, the space between the bottom of title box and the top of the image is very limited, this also applies for the space between the bottom of the image and the following element, e.g. beginning of another banner
